EDICATION

To

PAUL S. WAGNER,
M. A., Ph. D.

He took the clay and kneaded it carefully. Then he began molding. Soon desirable images emerged from the amorphous mass. He breathed life into them and they moved. Now being animated the images could appreciate his work and wished to render him tribute. So they came forward and offered a small token saying, "To one who has contributed much to the richness of the heritage that is ours."

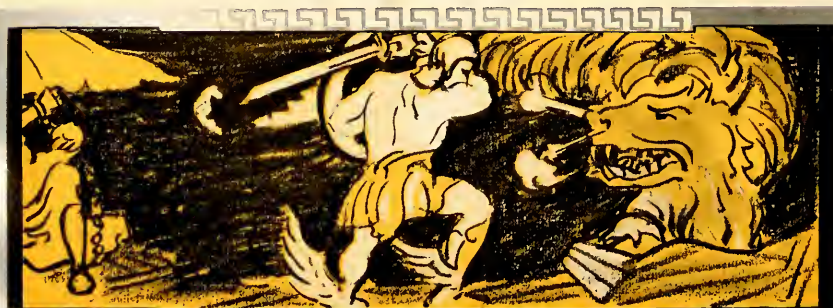

OREWORD

Damon was overjoyed at the sight of Pythias again. It was years ago Tears welled in his eyes as he shook his old comrade's hand.

"We will talk", he said.

"Yes", acknowledged the other,
"it is all we can do now."

"Prometheus was one of the Titans, a gigantic race, who inhabited the earth before the creation of man. To him and his brother Epimetheus was committed the office of making man, and providing him and all other animals with the faculties necessary for their preservation. Epimetheus undertook to do this, and Prometheus was to overlook his work, when it was done. Epimetheus accordingly proceeded to bestow upon the different animals the various gifts of courage, strength, swiftness, sagacity; wings to one, claws to another, a shelly covering to a third, etc. But when man came to be provided for, who was to be superior to all other animals, Epimetheus had been so prodigal of his resources that he had nothing left to bestow upon him. In his perplexity he resorted to his brother Prometheus, who, with the aid of Minerva, went up to heaven, and lighted his torch at the chariot of the sun, and brought down fire to man. With this gift man was more than a match for all other animals"

ADMINISTRATION

*Oh Heaven, there are then, in the realms below,
Spirits and spectres, unsubstantial all.*

—HOMER

*Intelligence perfected is the faculty
Of making and using unorganized instruments.*

—PLATO

*Sweet are thy lips, thy utterances, and lovely thy voice;
It is better to hear thy singing than to eat honey.*

—THEOCRITUS

*And no man knows distinctly anything,
And no man ever will.*

—XENOPHON

*Wine, Wit, and Beauty still their charms bestow,
Light all the shades, and cheer us as we go!*

—SOLON

*We have been friends together
In sunshine and in shade.*

—EURIPIDES

*What is there given by the gods
More desirable than a happy hour.*

—CALLIMACHUS

*Let me possess what I now have
That I may enjoy my remaining days.*

—HESIOD

*The cherished scenes
Put on their winter-ropes of purest white.*

—SIMONIDES OF CEOS

*There's beauty all around my path, if but your waterful eyes
Can trace it midst familiar things, and thru their lowly guise.*

—SOPHOCLES

*Water is a mother and a nurse,
An adorning and refresher of the world.*

In Memoriam ... April 17, 1932

GEORGE DANIEL GOSSARD, D.D., LL.D.
President, Lebanon Valley College

The years come and go. History is ever in the making. All have a part in it. Each has his opportunity and responsibility. Ability brings possibility and that is followed by responsibility. Thrones, like men, rise and fall. Individuals and nations, grow, exert influence. Each takes his place, plays his part, erects his building, and in due time passes away.

Brain and brawn will ever struggle, but brain will wear the crown. Right will conquer might for "the meek shall inherit the earth." Brain cultured and trained, and not brawn, shall rule the nations of the earth and the activities of men.

The world should be made "a decent place in which to live." The implements of warfare must be laid aside for the implements of peace.

Let all then accept the responsibilities, develop the resources, and help build a great people and a mighty world that will stand the test of time and eternity.

"And now, I said, let me show in a figure how far our nature is enlightened or unenlightened:—Behold! human beings living in an underground den, which has a mouth open towards the light and reaching all along the den; here they have been from their childhood, and have their legs and necks chained so that they cannot move, and can only see before them, being prevented by the chains from turning round their heads. Above and behind them a fire is blazing at a distance and between the fire and the prisoners there is a raised way; and you will see, if you look, a low wall built along the way out, like the screen which marionette players have in front of them, over which they show the puppets.

"I see.

"And do you see, I said, men passing along the wall carrying all sorts of vessels, and statues and figures of animals made of wood and stone and various materials, which appear over the wall? Some of them are talking, others silent.

"You have shown me a strange image, and they are strange prisoners.

"Like ourselves, I replied; and they see only their own shadows, or the shadows of one another, which the fire throws on the opposite wall of the cave?

"True, he said; how could they see anything but the shadows if they were never allowed to move their heads?

"And of the objects which are being carried in like manner they would see only the shadows?

"Yes, he said.

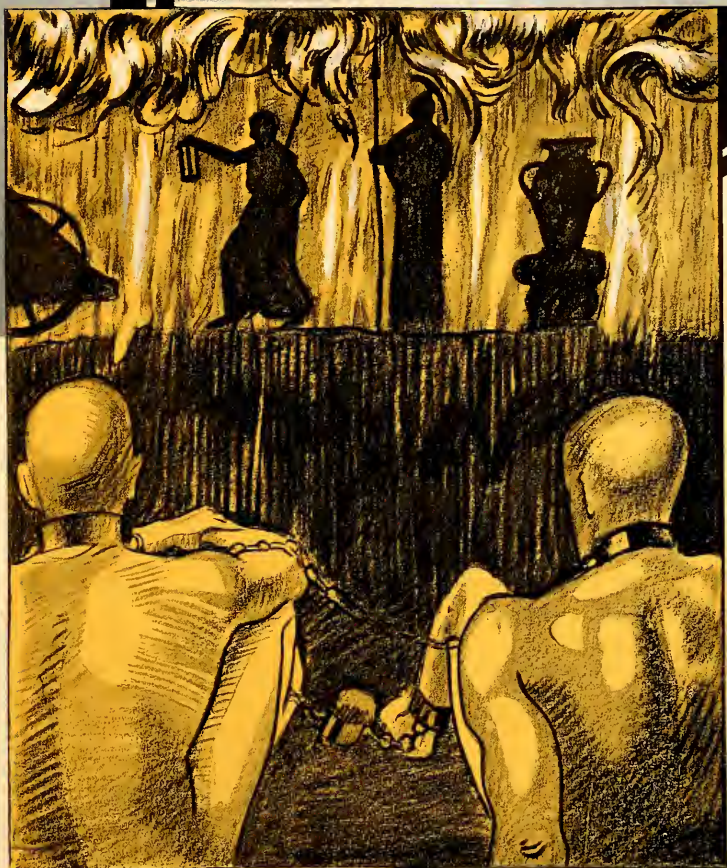

"And if they were able to converse with one another, would they not suppose that they were naming what was actually before them?

"Very true.

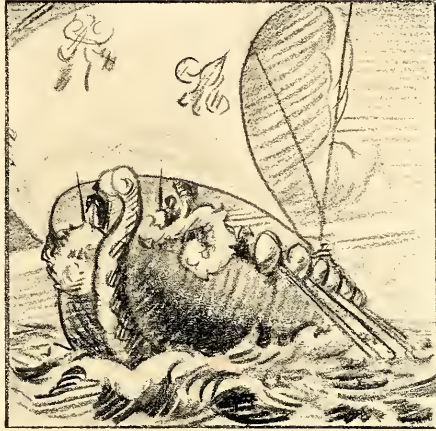

"And suppose further that the prison had an echo which came from the other side, would they not be sure to fancy when one of the passers by spoke that the voice which they heard came from the passing shadow?

"No question," he replied.

"To them, I said, the truth would be literally nothing but the shadows of the images"

Your armour is excellent, noble Jason, and your ship beyond compare. In Colchis hangs the Golden Fleece. It shall be yours, but not without effort. Beware of the Symplegades and consult Medea. Your crew is invincible. You have Heracles, Theseus, Orpheus, Nestor; the wisest and the strongest. Farewell, and may success attend your venture.

Senior Class History

The Master of Rhodian art could not have painted such a picture, nor could have Aphrodite woven such a tapestry as that piece of art we behold before us.

An unfinished canvas — how unique its theme, how harmoniously its colors blend, how graceful its lines. And yet upon closer inspection one can detect flaws and defects. But do not these lend themselves to the beauty of art?

Need we ask Herodotus for information concerning the theme of his unfinished canvas? No, only the artist can reveal to us the soul of his work. 1932 began his canvas four years ago; his was the task to blend one hundred and fifty figures into one picture. Only by patience, tolerance and perseverance could he realize this. The artist had to use many oils and brushes when attempting to shade the green of the novice with the yellow of the sophisticate; it required two years of tireless effort to accomplish this, but he worked at his pattern. 'Tis not a Thracian plain we see, but hills and valleys, clouds and sunlight, smiles and tears, victories and defeats. In that canvas is life. The color blue, of disillusionment, dazzles like the light in Minerva's eyes yet Titan's mantle of contentment chaseth the grey away.

With heterogeneous backgrounds, ideas, and hopes, 1932 nevertheless, so artistically played with his brushes as to paint a common ideal and purpose. We see in each face — challenges, dreams, fears; in each color — life, philosophies, traditions; in each delicate but exact line — experiences, friendships and ideals.

1932 has woven a spirit into his theme, the spirit of Lebanon Valley College. The spirit can never fade. Although this masterpiece will not be exhibited in the art gallery of Dresden, it will live in the hearts and lives of each member of the artistic circle of 1932.

An unfinished canvas — four years of work, play and study will not complete one's masterpiece. New faces, different lines, vivid colors awaits the twist of your brush and the perspective of your eye.

You are part of this canvas, part of this life — this spirit — part of Lebanon Valley. May your colors always blend — your picture never fade.—E. L. P., '32.

Junior Class History

In September, 1929 one hundred and twenty-five more or less ardent seekers after the truth made their formal entry into Lebanon Valley, for the purpose of strengthening their acquaintance with Minerva, Goddess of Wisdom.

At any rate we entered upon our college careers with our heads up and our feet down. There is nothing so conducive to sanity as balance. We found that tradition had provided for several contests between the two lower classes. There was the Scrap, in which we took a regrettable trimming. In the Tug of War, however, we pulled our rivals to a standstill. Then, sad to relate, though we shared honors in the football match, we suffered defeat in the basketball game. Soon our first year ended.

In September, 1930, we were Sophomores. The satisfaction derived therefrom, afforded us an inordinate feeling of superiority. But this new found superiority soon received a severe blow. We were defeated in the Scrap. However, victory in the Tug salved our wounded vanity. The score of the football match was again a tie, but the result of the basketball game was in our favor.

September, 1931. Our immediate future is now our immediate past. As Juniors we assume new duties and obligations, and enjoy new pleasures and privileges. We strike a new note in our manner of conduct. The gay insouciance of the first two years is subdued by an easy dignity. We venture into the dramatic field and present a play, "Mr. Pim Passes By," by A. A. Milne, in a performance remarkably smooth and finished for amateurs. As the final act of our Junior year we present this year book sincerely hoping that it may be a fitting memorial of the class of '33.

During the three years spent in college we have known both victory and defeat. Our character has been strengthened through constant adherence to high ethical principles, honor and integrity. And we sincerely hope that we have earned the respect of the administration and our fellow students. As we look forward in anticipation of our Senior year, we shall continue to carry on with the same high principles which have brought us thus far, and we hope to be, somebody among those numbered as the honored graduates of Lebanon Valley College.—M. M., '33.

Nothing is impossible to a willing mind.—Greek Proverb.

Ruth is one of those rare people, who early in life get a vision of their mission in the world and immediately set out to prepare themselves for their life work. She always was an excellent scholar, so she decided to turn her talents toward the religious field.

Ruth is kind, patient and willing to go to no end of trouble. We feel sure because of her high aims and her innate qualities, Ruth will be successful in her evangelistic work.

Business man or possibly C. P. A. And Bill looks every inch the part, suave, austere, all tempered with a love for fun.

But let us not infer that William is a pendant, for all his austerity. He indeed loves the grape and all that it connotes. A certain young brunette will surely verify the fact.

And have you ever heard Bill play the trumpet? Or do a spread-eagle? But perhaps we had better stop.

"Les," who also answers to the call of "Bix" or "Levi," is a prospective doctor from Lebanon. Sophomore Class History

The month of September, 1930, brought thoughts of a new life experience to approximately one hundred and twenty-five young men and women of this and nearby states who planned to enter Lebanon Valley College. These thoughts were realized when, on September seventeenth, this large group assembled at the portals of this institution of higher learning.

And so the class of '34 entered actual college life. Orientation tests, difficult and trying, came and passed. Next in line, we white-washed the campus with our numerals, and after that, won a victory in the "flag rush." Two midnight trips to the cemetery helped break the monotony and remind us of our places.

Events of late fall were a hike, which ended successfully despite Sophomore interference, and the annual football game in which the Sophs managed to hold it even, at a 6-6 score.

Plays, club meetings, and the Christmas banquet occupied our time before the vacation. Then basketball was at hand, but the Frosh could not win any games because of their inexperience.

Springtime brought the tug, in which the Sophs defeated us. Later on came the baseball game, in which the Frosh gained sweet revenge. Examinations loomed ahead. But in a little while we were saying good-bye for the summer.

Vacation days over, we returned as Sophomores, missing several familiar faces. We felt our superiority over the Freshmen and went ahead to outwit them in the numeral fight, and win the "flag rush." We also followed with a victory in the tug. However the experienced football material among the Frosh turned the annual game into something of a rout. We lost.

Our biggest achievement was the Soph Hop which passed off very successfully. We also continued to be prominent in other social activities around the campus.

Though our second year has nearly passed, we see more fields ahead to conquer. With our loyal and ambitious group we will gain still more glorious triumphs during the remainder of our stay on this campus.—C. M., '34.

Freshmen Class History

With the vista of four long years on the campus of Lebanon Valley College before us, our arrival here was fraught with significance. We soon came to realize, however, that the four years would quickly melt away.

The first day with its mysteries of registration, its intricacies of first impressions, and its harmonies of friendships-to-be, left an indelible imprint upon us.

Our Freshman rules seemed intolerable, but we have safely weathered most of them. The banner fight brought out the sterner stuff in us, even among the girls. Then much to our chagrin, we were unable to win the flag rush.

Time went by, and we glided along with it, sometimes riding on the crest of the waves and other times, in between them. We chose our societies, and now we are taking part in a goodly number of their activities.

Then to our dismay we found that we had strong Sophomores to cope with in the tug-of-war. Too strong, in fact, for it was the Freshmen who, first landed in the "Quittie." But it was our delight to demonstrate to the rest of the school the fact that our material in football was outstanding, for on the Saturday afternoon before Thanksgiving, the Freshmen football team beat the Sophomores by a large score.

By the guidance of able and faithful class officers, the Freshmen class has been capably steered through times of difficulty to times of clear sailing.

And now that our rules are off, we are inclined to think that the members of the Freshman class have not delayed in founding for themselves firm friendships, and after all, isn't that why most of us come to college; to get, by association and contact, the real meaning of friendship in its finest sense? Of course it is, and we, the class of '35, have the strongest and most well-meant intentions of living up to that precedent.

—J. S., '35.

"Orpheus was the son of Apollo and Muse Calliope. He was presented by his father with a lyre and taught to play upon it, which he did with such perfection that nothing could withstand the charm of his music. Not only his fellow-mortals, but wild beasts were softened by his strains, and gathering round him laid by their fierceness, and stood entranced with his lay. Nay, the very trees and rocks were sensible to the charm. The former crowded round him and the latter relaxed somewhat of their hardness, softened by his notes."

For the music loving and vocally talented young men of Lebanon Valley College, the Men's Glee Club offers an opportunity for self expression.

The club owes its success largely to its able and efficient director, Mr. Alexander Crawford. He has competently led the club in producing concerts of acme quality. These concerts consist of choral numbers, chosen because of their contrast. Individual numbers also add interest. A short skit is usually enacted by several members of the organization. The programs of the Glee Club disclose the abilities of the men and are worthy of sincere praise.

The Eurydice Choral Club received its start on the campus in the year 1912. Since then this group has continued to hold a high position among the other leading clubs on the campus.

The club has been under the direction of Prof. Crawford since 1929. He has given unlimited time and effort in order to bring the club up to the high standard it has now attained.

The Eurydice is composed of twenty-seven girls on the campus. The club gives delightful and refreshing concerts, consisting of a varied and versatile program. Their numbers are selected from an unlimited field, and consists of solos, mixed choruses, instrumental solos, quartett and trio numbers.

Orchestra

The orchestra, which had its beginning last year, has this year endeavored to build its instrumentation towards symphonic proportions. The instruments which have been added are flutes, bassoon, French horn, viola, string basses and harp. To insure the success of the orchestra and the instrumental classes the college has purchased twenty-three new instruments, including the unusual instruments found in a symphony orchestra. These instruments are made available to the students through a nominal rental fee.

In enlarging the instrumental department the Conservatory has secured the full time services of Mr. Edward P. Rutledge, who has had success in organizing orchestras in the state of Kansas and at Columbia University. The added interest and increased attendance in our orchestra is sufficient evidence of his inspiring leadership.

Much interest has been manifest this year over the showing made by the Lebanon Valley College Band. After organizing in the fall and drilling diligently on both music and marching tactics our band made its debut at the Albright football game.

Each Monday evening through the winter and spring months the band has been practicing and this no doubt will greatly strengthen the organization for next year.

Last, but not least, the band plans on having uniforms this coming year, which will add materially to the prestige already gained by our band.

He who rules must first obey.—Solon

The Student-Faculty Council is an organization designed to promote a greater degree of harmony between the faculty and the student body. For a number of years it has existed in name only, because the students have not shown enough interest to warrant its success. It is a worthwhile part of any school system and should not be allowed to pass out of existence. Other colleges have such a council to adjust the problems which ordinarily arise during the college year, and they are highly successful. Now it is the duty of the student body to give their whole-hearted support in making this organization a success. Great things have been planned to keep this council as a board of arbitration, to work out student problems in an efficient manner. It remains for the student body to present their problems through the class representatives, to the faculty. Any reasonable demands will be acted upon with promptness. The students should cooperate with the council and abide by its decisions.—G. W., '33.

Men's Senate

Men's Senate

*Though my body is enslaved, still my thoughts
are free.—Sophocles*

The Men's Senate is the student governing body which directs the conduct of male students of Lebanon Valley College. This organization provides rules and regulations governing student behavior, and metes out punishment to those who infringe upon any of the rules. Representatives of the four classes are combined into an organized body, which endeavors to the best of its ability to keep the male students of the college within the bounds of gentlemanly conduct.

The Senate is comprised of fifteen members: six Seniors, five Juniors, three Sophomores, and one Freshman. There is a day student member from each of the upper three classes. The Senate is aided by a Faculty-Senate Committee, which is composed of three male members of the faculty. The members of the Senate are nominated by the Faculty and voted for and elected by the members of their respective classes. The Senate chooses its own officers.

The success of the Men's Senate is only insured by the cooperation of each member of the student body. Each student must not only obey the rules, but he must do his utmost to have them obeyed. The number of charges for rule breaking this year has decreased very much. This is an indication that the students are working with the Senate to uphold the standards of conduct. Only a very few cases for the breaking of major rules have come before it.

The Senate, this year, has made many drastic changes in the Freshman rules. The petty rules, which were of no use in governing the students, have been abolished. This action was in accordance with the governing bodies of many other colleges.

As we look back on this year, we feel it has been a successful one for the Men's Senate of Lebanon Valley College, and we are assured that student government at Lebanon Valley is secure as long as the student body holds in proper respect its governing body.—D. E., '34.

Women's Student Government Association

*Do nothing secretly; for Time sees and hears all things,
and discloses.—Sophocles*

One of the most practical and lasting benefits derived from a college education is the invaluable training in good citizenship which carefully regulated conduct with others affords. Harmonious association can be achieved only by the continual formation of social adjustments; the recognition of and respect for the privileges and authority of those with whom one associates; and the realization of one's duty to society.

An important instrument in fostering this valuable training on the campus is the Women's Student Government Association. It is the purpose of this organization to promote high ethical standards among its members, and to evolve social harmony on the campus.

Every girl in the student body automatically becomes a member of the Women's Student Government Association, to which she pledges her allegiance. This membership entails the assumption of certain grave responsibilities, such as the regulation of one's personal conduct in conformity with the highest moral and ethical standards of society, as well as the regulations formulated by and for the women students of the college.

The Association delegates its legislative and executive powers to a select group composed of nine members, five Seniors, two Juniors, one Sophomore, and one Freshman. This board is cooperating with the Faculty, in maintaining order in the dormitories, and in encouraging a high order of conduct and social relationship on the campus, represents the women members of the student body.

The W. S. G. A. has been an active organization since 1915. Its popularity and growth are sufficient testimony of its importance and intrinsic value. The continued success of the system can be assured only through the entire cooperation of every member.

In essaying to inculcate in every member the principles of honor and integrity, and incidentally, the essence of impeccable character, self-reliance, and respect for law, the Women's Student Government Association aims to send from Lebanon Valley College, individuals who, embarking upon a more complex field can adapt themselves more easily to existing conditions and take the reins of leadership for which they have been groomed.—M. Y. M. C. A.

*The company of just and righteous men is better
than wealth and a rich estate.—Euripides*

The Y. M. C. A. is indeed a progressive and valuable organization on the campus. Dating back to 1887, this organization has been active not only in local campus activities but also in intercollegiate circles. This same condition holds true to-day.

Through devotional meetings, joint sessions with the Y. W. C. A., and the contact with the great religious leaders of the day by means of sending men to the various Y. M. C. A. conventions, this organization promotes the spiritual nature of the student. His social life is augmented by hikes, parties, and joint social events. The Big Brother Movement has aided the new students on the campus in getting acclimated, and the Freshman Cabinet, newly formed this year, has formed closer contacts between the new students and the Faculty. In the Big Brother Movement old students offer their friendship and services to the new-comers in order that they may feel perfectly at home in the college family. The Freshman Cabinet helps the Freshman think for themselves by means of discussions and stimulating talks.

Thus, the purposes and aims of the Y. M. C. A. are heroic in proportions. The organization endeavors to lead students to a faith in God through Jesus Christ. It shows them the desirability of membership and service in the Christian Church. It strives to increase their growth in Christian faith and character, especially through the study of the Bible, prayer, and through a reasonable way of thinking. And finally, it tries to influence them to devote themselves in united effort with all Christians the world over in making the will of Christ effective in human society and in extending the kingdom of God throughout the world.

During the last year the administration has provided two spacious rooms for the men wherein they may conduct their meetings and pursue their social activities.

Y. W. C. A.

*Seize what is highest, and you will possess
what is in between.—Greek Proverb*

The spirit of sacrifice, love, Christianity, and fellowship, the keywords to this great organization, manifests itself not only on our campus, but all over the world.

The purpose and benefit of the Y. W. C. A. are manifold, as every woman student of Lebanon Valley is entitled to its membership. It designs to aid young women spiritually by "uniting in the desire to realize full and creative life, through a growing knowledge of God." It aims to assist the mental attitude of one girl toward another by the practice of worthy motives, self-restraint and sympathy. It desires to develop a social life through the medium of wholesome, recreational activities.

In an effort to meet the spiritual demands of the students, devotional meetings are conducted each Sunday evening. These gatherings prompt the individual to think for herself and assist in fashioning ideals which mould her future life. At intervals the Y. W. C. A. and the Y. M. C. A. conduct joint programs. This digression proves advantageous to both groups.

The Y. W. C. A. sponsors many social functions and begins these activities as soon as the new student arrives, by means of the Student Reception. This social atmosphere prevails throughout the year in the form of teas, hikes, parties, skits, bazaars, and is climaxed at the end of the year by the May Day exercises.

Thus it is we live together in the endeavor to lead upright lives, to grow in faith, and to establish character in order that we become worthy Christians among our fellowmen.—M. C., '33.

Phi Lambda Sigma

Concomitant with the history of the Philokosmian Literary Society, throughout all the years of its existence, has been a single, unbroken line of brilliant successes. The guiding spirit, since its organization in 1867, has been the zealous endeavor on the part of the members to live up to its motto: "Esse Quam Videri"—To be rather than to seem to be.

The members of Philo have always been bound together by a common bond of fellowship, which has been brought about by a most happy union of the literary, spiritual and social elements in the weekly programs. Philo is constantly toiling onward and upward to the perfection of the ideals of culture and fellowship. Outstanding among, and yet interwoven with the most happy memories of college life are those of Philo.—P. K. K., '32.

Clio has passed its sixty-first birthday. It has the honor of being the oldest girl's society on the campus, whose members have ever striven to uphold the cherished traditions and high ideal. Thus do they endeavor to be true to their motto: *Virtute et fide*. The wise old Owl and Minerva, the goddess of Wisdom, have been and are still guarding, looking over and advising Clio.

Clio's programs consist of musical readings, original skits, talks, etc. Then there are the joint-sessions with the other societies on the campus, which are always interesting enough to be well attended. Especially when Clio joins at different intervals during the year with one of the boy's societies. There is always plenty of fun to be had.

Yes, Clio is proud of her past and her present, and rightly so, but it is not her intention to ignore the inspiration and guidance of Minerva, whose goal is Wisdom.

Kappa Lambda Sigma

Originally Kalo was dedicated to the spirit of literary activity. But with the advent of numerous other clubs, this idea was discarded and the idea of fellowship came into prominence. The other clubs, we believe, furnish ample opportunity for literary expression.

Thus emerged a new Kalo—a greater Kalo. Last year we cast off an age old tradition and held the first formal dinner dance in the history of Lebanon Valley. And it was unanimously agreed, that it did much to further the spirit of comradeship that has marked the members of Kalo since its foundation. And thus, though we have done away with the majority of its literary activities, we have contributed much to the greater spirit of the Kalozetean Literary Society—fellowship.—W. S., '33.

Delta Lambda Sigma

Delta Lambda Sigma believes that true beauty is of the soul, and that only through self-understanding can this beauty be found. So she has adopted as her motto, "Know thyself." In these two words the meaning and purpose of Delta Lambda Sigma is expressed. The programs at her weekly meetings are planned to give each member a chance to find some latent talent. Delphian hopes in this manner to help each of her followers to find herself. This year Delphian celebrates her tenth anniversary. For the past decade she has been following the teachings of the kind Delphi, her originators. We hope that through many coming years, Delphian will continue to encourage self-knowledge as a true joy.—K. M., '34.

*It brings some encouragement to have companions
in what happens.—Chrysostom*

This organization takes its title from the Greek letters meaning "associating day by day." As the name implies, it includes as members all the women day students of our campus, who have their rooms on the first floor of South Hall.

Need was felt in the early part of the 1930-31 school term for a common interest among the student girls, and the result was this active and wide-awake organization, which, although as yet in its infancy, promises to be one of the most useful institutions of the college. Its purpose, in accordance with the reason for which it was founded, is to act as a common bond of unity for the girls who spend only a part of their time on the campus, and those interests are therefore apt to be centered elsewhere. It tries to make the college life of the day students something more than the mere routine of classes, thus engendering in them a kindred feeling for the rest of the student body, by instilling a real and vital interest in the welfare of their alma mater.—A. *Wine, Wit, and Beauty still their charms bestow,
Light all the shades of life, and cheer us as we go.—Solon*

Early this year, inspired by Autumnal tints and "the haze of the far horizon," our fair co-eds banded together in a new clique — The Art Club — instituted for the high and holy purpose of propagating the theory that love of Beauty leads to a "higher and wider conception of the dignity of human life." A meeting was held and the infant organization decided, among other things, that:

Whereas; The teaching of what Beauty really is, does not belong merely to the few aristocrats.

Whereas; Art, as a form of self expression, is one of the most powerful of human instincts.

Whereas; There may be a hidden Holbein or Van Dyck in our midst whose latent possibilities we should develop.

Be it resolved that the Club continue to function as an entity as long as amicable relations can be maintained. It was further suggested that papers be read, which would be of interest to artists.—M. O., '33.

The language of the true is always simple.—Euripides

This is not a distinctively organized club, *mais ce n'est qu'un groupe de causeurs*. These conversationalists, Seniors who are majoring or minoring in French and a limited number of Juniors who are taking advanced French courses, gather periodically at the home of Madame Johnson to enjoy an hour *en parlant en français*. This club is a manifestation of the activity of the French Department of the college.

As was stated, this is not an organization with elected officers, but it is a congenial group of individuals of like purpose—*pour acquérir une diction douce et aisée dans cette langue romantique*. A varied program is prepared for each meeting, and everyone present is expected to be ready with some anecdote or short story *en français, par conséquent*. Thus the *parlez-vous* need no longer be confined to the classroom and can be made to take on a more social aspect. This organization adds interest to the French courses and is invaluable to those who later in life will have to speak for themselves in the classroom, where they are the teachers. From the *causeurs français* comes the question for future French teachers, *Parlez-vous français?*

*Try first thyself, and after call in God;
For to the worker God himself lends aid.—Euripides*

"I came not to be ministered unto, but to minister." In these words, Jesus has given us the true revelation of his mission to the world, and the Life Work Recruits, as His followers, are aiming to go forward in this spirit, realizing that the greatest joy in life lies in service for others. The call of Christ is clearly breaking through the din and uproar of the unsettled world.

This group consists of all those preparing for definite Christian service, and aims for the development of spiritual life on the campus. Throughout the year, prominent speakers are secured to address the group, conduct open forums, and hold personal interviews which enable the student to deal with the problems confronting him in his chosen field of endeavor. This year, deputation teams were sent to conduct services in neighboring churches.

The Life Work Recruits, by endeavoring to exert a Christian influence on the campus and by striving for self-improvement are laying the foundations for active service later.—R. C., '33.

*Whoso neglects learning in his youth, loses the past
and is dead for the future.—Euripides*

The Reader's Club, initiated by Dr. P. A. W. Wallace on his advent into Lebanon Valley College in 1925 marked an important step in school organizations on the campus. It provided an opportunity for self-expression in contemporary literature.

Meeting bi-monthly, in friendly discussions at the home of Dr. and Mrs. Wallace, the students, freed from the restraint of the class room, find it very easy to give their opinions on modern works of writing. Criticism pro and con is freely given concerning the writers considered, but a safe and sane attitude is usually accepted as a final criterion. A student is able to keep in step with the march of literature.

This year the programs were varied in content and proved to be exceedingly helpful as well as entertaining. During the course of the season, such topics were discussed as Travel, Russian Literature, Indian and Chinese Literature, Women in Modern Literature, Negro Literature, Modern Short Story. High-lights, as Willa Cather, Edna St. Vincent Millay, and Vachel Lindsay, were treated individually. Each year the club plans to attend a performance of an especially excellent play.

A sensible man judges of the present by past events.—Sophocles

"To make the past present, to bring the distant near, to place us in the society of a great man or on the eminence which overlooks the scene of a mighty battle..."—this is the purpose of the History Club.

In each of the bi-monthly meetings the members discuss current topics which are of national and international interest. Believing that the average mind, under the stress of emotion, altruism, prejudice, or that which is more likely, misapprehension, is apt to draw rash conclusions during the time of a world crisis, the club strives to present evidence drawn from History which will at least serve to establish an intelligent foundation for an opinion.

The club is now in its fourth year of thriving activity, and from present indications, is destined to a more successful future. To History majors and minors the club is especially servicable, it being the medium for communication between the classroom and the outside world. The officers, under Dr. Stevenson's supervision, deserve much credit for planning the instructive and interesting discussions.—M. O., '33.

The Chemistry Club

<i>President</i>	JAMES LEATHEM
<i>Secretary-Treasurer</i>	NORMAN HEMPERLY
<i>Advisor</i>	ANDREW BENDER

Give me a place to stand and I will move the Earth.—Archimedes

The Chemistry Club, organized in the spring of 1929, consists of those students majoring in Chemistry and interested in the advancement of that science. For each meeting a few of the members prepare a talk on some new discovery or interesting modern development of the science and its relation to industry. In this way the members not only obtain a wider knowledge of the application of the science but at the same time receive training in speaking before a group of students. Frequently prominent men in the field of Industrial Chemistry address the group. These talks are very helpful to the members because they are direct from those interested in Chemistry as it is applied in modern industry. During the past few years numerous trips have been made to neighboring industrial plants where the student becomes better acquainted with the practical application of Chemistry. The most important trip made last year was the one to the United States Industrial Alcohol Company at Baltimore. The club is planning to make many more such trips this Spring.—S. U., '33.

*Learning is ever in the freshness of its youth,
even for the old.—Aeschylus*

The German language has a great history. It is one of the few European languages not based on the ancient Latin. In it many of the masterpieces of literature and music have found expression. Today we no longer consider the German an enemy, but one of our kin. In order that we may gain a deeper insight into the German mind and customs, and cultivate a deeper friendship, the German Club has been organized.

This club is one of the youngest on the campus, having been organized in May, 1930. It is composed of students who have a speaking knowledge of the German Language. Meetings are held bi-monthly and programs of a literary nature are presented. Carefully prepared reports are given, and keen interest is taken in singing German songs. The club is under the able supervision of Dr. Lietzau, and is but an expression of the German department of the college.—L. H., '33.

*A wise player ought to accept his throws and score them,

In 1922, under the leadership of Ralph Homan, the Varsity "L" Club began its existence on the camps of Lebanon Valley College. The only requirement for membership is the possession of the varsity "L", which is awarded for participation in the major sports—football, basketball and baseball.

The purpose of this organization is to unite the athletes of the College for their common welfare, athletic and social. One obligation the club has undertaken, is the organization and running of the inter-class basketball league. For those who are socially inclined, the Varsity "L" Club sponsors several dances every year.—A. K., '32.

By trust I lost money, and by distrust I saved it.—Theognis

Three years ago the Commerce Club was organized with the enrollment of thirty-six members. Since that time the club has almost doubled its membership. The fundamental aim of the Commerce Club is to help the student to reconcile text-book theory to actual business practice. Well-known figures of the business world are secured as speakers and the meetings are conducted similar to those of the Rotary and Kiwanis Clubs. These gatherings are informal and usually take the form of an open forum, the speaker answering and discussing the questions raised by the members. A service speaker, usually a member of the Senior Class, is appointed to speak at each meeting on some current topic.

The club also sponsors trips to certain industries and business concerns. This year, much attention has been given to the mechanism of stock exchanges, the bond markets and the transportation problem. Through the efforts of Professor Stokes, the club was fortunate in hearing Mr. Freas, of Newburger, Loeb and Co., and Mr. Fitzgerald, Vice Chairman of the Committee on Public Relations of the Eastern Railroads. Men of this caliber tend to round out the knowledge gained in the class room and give the members of the Commerce Club a broader insight into commercial and financial activities.—W. B., '33.

The debating club offers an opportunity for students with a bent for argument to indulge in formal dialectics. In the past, Lebanon Valley has produced powerful debaters, and this year affords no prospect of being an exception. A large number of students are seeking to improve their forensic prowess through the medium of the debating club, which this year is considering the question, Resolved: That capitalism, as a system of economic organization, is unsound in principle. Under the direction of the coaches, Professors Stokes and Stevenson, the teams have prepared strong cases on both sides.—E. U., '34.

It brings encouragement to have companions in what happens.—Chrysostom

Fifty-six years ago the graduates of Lebanon Valley College conceived the idea of an Alumni Association for the perpetuation of interest in the school of their youth. This action on the part of these pioneers not only showed their interest in the institution which gave them those first prerequisites to fine and useful living, but is also presupposed their desire to unite into one family the present and future children of their Alma Mater.

As the years have past and gone, bringing growth and prosperity to the college whose memory these early organizers wished to make permanent, many youths have crossed its portals into the great school of life. These students of the past have found places in the world, some in high positions; some in the low paths of service. They are the ones who have handed down to us that priceless heritage the tradition of L. V. C. To the students of the present Lebanon Valley College comes the admonition of these loyal collegians of yesterday—"Forget not your Alma Mater."

—P. D. E. '33.

"Thou shalt never proclaim thyself a philosopher, nor speak much among the vulgar of the philosophic maxims; but do the things that follow from the maxims. For example, do not discourse at a feast upon how one ought to eat but eat, as one ought. For remember that even so Socrates everywhere banished ostentation, so that men used to come to him desiring that he would recommend them to teachers of philosophy, and he brought them away and did so, so well did he bear to be overlooked.

"And if among the vulgar discourse should arise concerning some maxim of thy philosophy, do thou, for the most part, keep silence, for there is great risk that thou straitway vomit up what thou hast not digested. And when someone shall say to thee, "Thou knowest naught, and it bites thee not, then know that thou hast begun the work."

PUBLICATIONS

Lebanon Valley College has three student publications; the QUITTAPAHILLA, its annual; the LA VIE COLLEGIENNE, a four page weekly; and the "Y" HANDBOOK. These publications offer ample opportunity for those with journalistic inclinations to employ their talents.

The QUITTAPAHILLA, our annual, is published by the members of the Junior class. The staff is elected by the class. The LA VIE COLLEGIENNE, the paper, is published by the entire student body. The editor and staff are appointed by the faculty. The "Y" HANDBOOK, or Frosh Bible, is published by the Y. M. C. A. and the Y. W. C. A. The staff is elected by the publishers.

JUNIOR CLASS

It has been the aim of the 1933 *Quittapahilla* staff to produce another book which will live, and give to those who come after us a birdseye view of Lebanon Valley College, as it was during our life on the campus.

Often this "monster" seemed to overpower those who were fighting, but being unafraid of pure undiluted work they can now smile and rest easy.

Many times kind suggestions as to a new method of attack on the dreaded creature were offered and when tried found to be quite helpful. Co-operation, the key to success, was the word found on the lips of all the faithful members of this courageous little band of "go-getters."

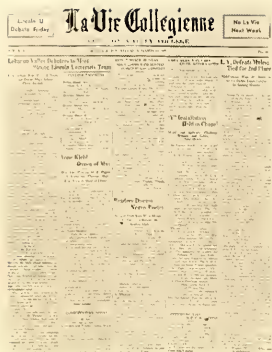

Now that the work on the Year Book has been completed some one may ask—"From whence came the name of *Quittapahilla*?" "*Cuit-peh-elle*," an Indian word meaning "a spring that flows from the ground among the pines," is the word from which our Year Book has derived its name.

A stream, flowing north-west to finally empty its sparkling waters into the Swatara River on the border line of Annville, also bears the same name. A beautiful stream is always an inspiration to those who are seeking success. So may our aspirations, as a staff, bear with them the spirit of the waters of the *Quittapahilla*.

The La Vie Collegienne

THE UNDERGRADUATE NEWSPAPER OF
LEBANON VALLEY COLLEGE

*Published every Thursday of the
College Year*

Member of the Intercollegiate Newspaper
Association of the Middle Atlantic States.

The College paper, now the *La Vie Collegienne*, has been a weekly publication by the students of the College since 1888.

The guidance of this weekly sheet has undergone several radical changes and has been molded into many shapes and forms, and was finally merged into the *La Vie Collegienne*.

This paper is a student publication. It has worked its way up into a modern sheet of good clean journalism under the leadership of masterly editors.

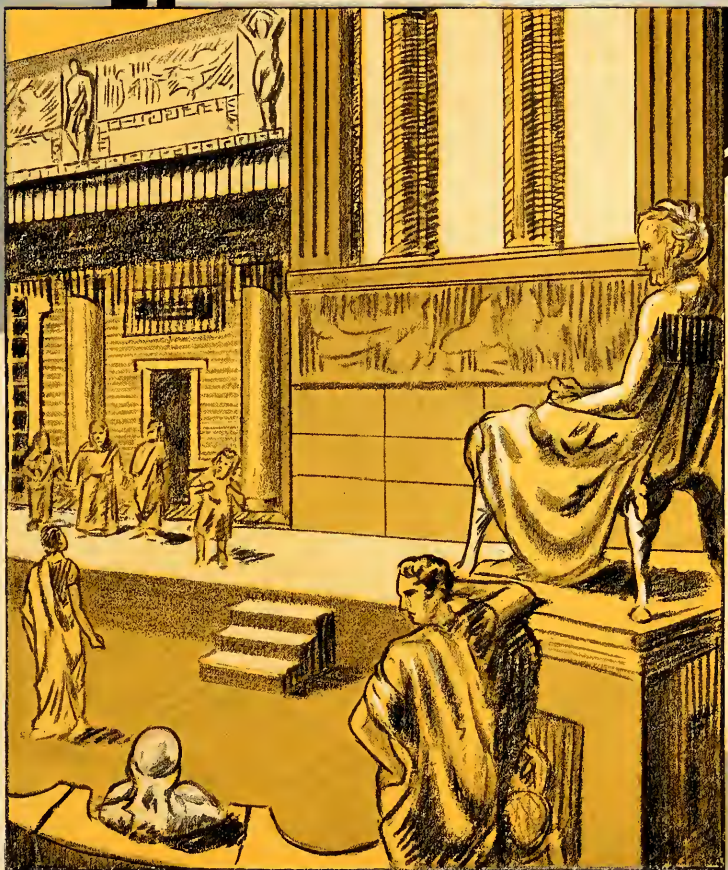

The *La Vie* gives us mostly the news on the campus. It relates the school's progress scholastically, socially, and athletically. It presents to the students the current events of the campus. The one aim of the paper is to be a link between the students and the alumni of the College, giving the latter a clear, precise picture of our immediate activities.

The *La Vie* has advanced. Since its earlier pioneer days and is now a member of the Inter-Collegiate Newspaper Association of the Middle Atlantic States.

The *La Vie* speaks for us. It tells our progress. It is the voice of the Student and the Campus.

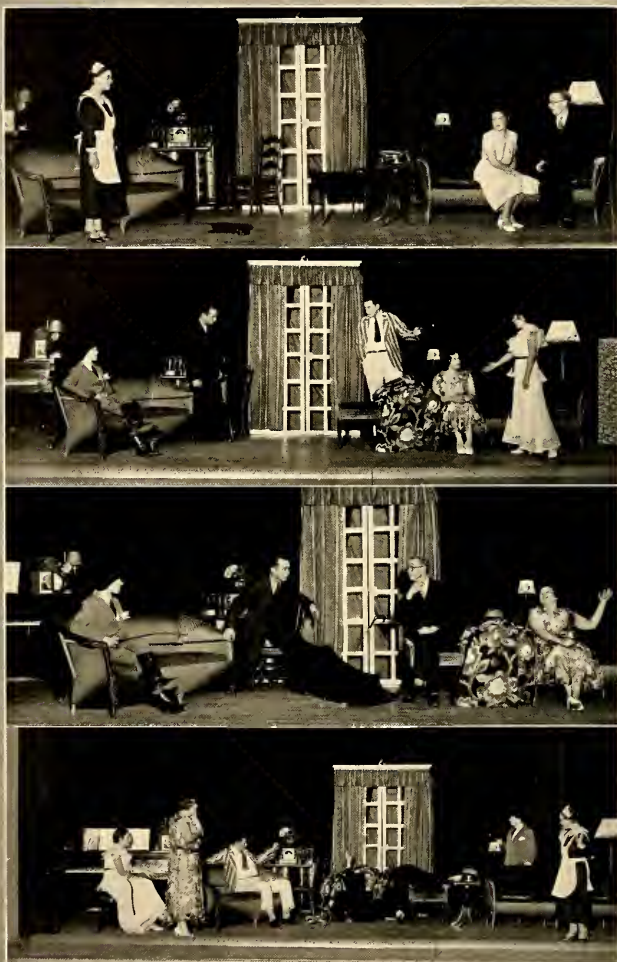

"But most important of all is the structure of the incidents. For Tragedy is an imitation, not of men, but of an action and of life, and life consists in action, and its end is a mode of action, not a quality. Now character determines men's qualities, but is it by their actions that they are happy or the reverse. Dramatic action, therefore, is not with a view to the representation of character: character comes in as subsidiary to the actions. Hence the incidents and the plot are the end of a tragedy; and the end is the chief thing of all. Again, without action there cannot be a tragedy; there may be without character. The tragedies of most of our modern poets fail in the rendering of character; and of poets in general this is often true. It is the same in painting; and here lies the difference between Zeuxis and Polygnotus. Polygnotus delineates character well: the style of Zeuxis is devoid of ethical quality. Again, if you string together a set of speeches expressive of character, and well finished in point of diction and thought, you will not produce the essential tragic effect nearly so well as with a play which, however deficient in these respects, yet has a plot and artistically constructed incidents. Besides which, the most powerful elements of emotional interest in Tragedy—Peripeteia or Reversal of the Situation, and Recognition scenes—are parts of the plot. A further proof is, that novices in the art attain to finish of diction and precision of portraiture before they can construct the plot. It is the same with almost all the early poets . . . "

DRAMA

The play, at Lebanon Valley, serves two important cultural functions. It enables some, who are so inclined, to express themselves dramatically, and it brings to the campus the best plays of all ages.

During the past we were extremely fortunate in the play selections. Three were by Englishmen, one by a Frenchman and the other by two Spaniards. The presentations were, "The Knight of the Burning Pestle," by Beaumont and Fletcher, a satire of long ago; another by the versatile Anatole France, "The Man Who Married a Dumb Wife." Then we witnessed "Mr. Pim Passes By," by the delightful Mr. Milne; "Women Have Their Way," by the Quintero brothers, and some hard realism, "Journey's End," by R. C. Sherriff. The persons responsible for these selections are certainly to be commended.

"Mr. Pim Passes By"

The Junior Class of Lebanon Valley College presented for their class play "Mr. Pim Passes By" by A. A. Milne. This delightful and refreshing play was packed with subtle wit and amusing incidents that only Mr. Milne is capable of portraying.

The plot of the production centered around the unexpected events that happened at the country estate of Mr. and Mrs. Marden. Here Mr. and Mrs. Marden are living a tranquil but prosperous life with their niece Dinah, who is in love with a young artist, Brian Strange. Peace reigns in the old home until Mr. Pim passes by. Things begin to happen! Due to Mr. Pim's hazy memory, he throws the household into an uproar. But Mr. Pim passes by again, and life takes on once more that smooth rhythmic flow in the Marden household.

Clarence Earley, in the title role, by far exceeded all his former successes in amateur dramatics. Nothing was wanting in his portrayal of the timid but well-meaning Mr. Pim. Trula Koch gave a sure, sincere and convincing performance in the role of Mrs. Olivia Marden. Miss Koch has proven her ability to render a delightful and suave performance in a very difficult role. Percy Clements as Mr. George Marden, the Mid-Victorian Englishman, made his initial bow on the L. V. Stage. Mr. Clements easily and fully gave a vivid and concise picture of all that this man represented. Miss Helen Eddy as Lady Marden gave a very realistic picture of the haughty anut. Miss Gloria Lavanture as Dinah Marden, niece of George and Olivia gave a refreshing and sincere performance. Her scenes with Mr. Pim and Brian Strange were high points in the play. Mr. Woodrow Dellinger, representing the young artist from London who loved Dinah, gave a nice piece of acting. He showed ease and subtlety while enacting the difficult role. Miss Marion May as the Marden household maid equally well fulfilled her role.

"Mr. Pim Passes By" was a cleverly written play. Not once was the stage dull or the action lagging under these charming young actors. After Mr. Pim had passed by, we felt sorry and realized he had melted deep into our memory. This smooth drama was made possible through the magnificent directing of Dr. P. A. W. Wallace.

"The Man Who Married a Dumb Wife"

Kappa Lambda Nu

Clionian Literary Society celebrated its sixty-first anniversary on Saturday evening, November 21, 1931. The climax of the celebration was the successful presentation of "The Man Who Married a Dumb Wife", by Anatole France.

The story is taken from Rabelais; the scene is in medieval Paris, yet the genius of Anatole France has re-created it and infused into this joyous tale, which is a thoroughly modern social satire, some of his clever craftiness. This satire deals with subjects which are of all time — the high cost of living, the pertness of servants, women's foolishness, the pretensions to wisdom of the medieval profession, the inflated ego of lawyers elevated to the bench, and the loquacity of women.

The play was produced under the capable direction of Prof. Raymond T. Ohl. It was unique in that an entire female cast was used.

Those who appeared in the play were: The Judge, Lolita Mummert; his wife, Virginia Coblentz; the lawyer, Eulalie Morton; his ward, Elizabeth Flook; the doctor, Margaret Kohler; the surgeon and barker, Rose Dieter; the apothecary, Anne Matula; the secretary, Mary Ann Rupp; the servant, Mildred Nye. Other characters, those who passed in the street were: Matilda Bonanni, Helen Eddy, Christine Gruber, Virginia Thrush, Ann Augusta Esbenshade, Charlotte Weirick, and Margaret Early.—M. K., '34.

"Women Have Their Way"

Delta Lambda Sigma

Delta Lambda Sigma celebrated its tenth anniversary on February 27, 1932. For the occasion, "Women Have Their Way," a comedy in two acts by Serafin and Joaquin Alvarez Quintero, was presented.

After the invocation by Miss Florence Dundore and the president's address by Miss Mary Buffington, Miss Hester Thompson sang two songs.

This was followed by the play. Juanita La Rosa was portrayed in an excellent style by Marion Kruger, Paul Keene, as the young man from Madrid, was a very charming hero and a galant lover. Every town must have a busy body. In this town Concha Puerto, depicted by Eva Peck, put humor into the situation and let the audience in on all the scandal. Robert McCusker as Pepe Lora did extremely well as the jealous lover. Santita, enacted by Margaret Lehn, caused many ripples of laughter, stone deaf as she was. Angela and Pilar, Santita's daughters in the persons of Gloria LaVanture and Ruth Garner; the parish priest, Don Julian, as personified by Clarence Earley; Don Belen, Juanita's aunt, portrayed by Ruth Shroyer; the village doctor, Don Cecilio, by Henry Palatini; Dieguilla, the maid servant, by Elizabeth LeFevre; a village tot, by Marie Gelwicks; and Guitarra, the muchacho to Concha Puerto, by Clyde Mentzer—all did justice to their respective roles and created a typical Spanish atmosphere which aided the success of the play.

—T. H. K. '33.

"Journey's End"

Kappa Lambda Sigma

Kalozetean Literary Society held its fifty-fifth anniversary in the Engle Conservatory on April 7, 1932. The presentation of the evening was R. C. Sherriff's play, "Journey's End." On the following night the society held its second annual dinner-dance at the Penn-Harris Hotel in Harrisburg. Ted Brownagle and his orchestra furnished the music for the dancing.

"Journey's End" is a war play. It concerns itself with the horrors and hard realism of the trenches. It is the story of men who expect to "go over" any moment, and always live in fear of that moment though not outwardly. It portrays vividly the destruction of men's finer spirits. The play was well interpreted by the cast.

Among the players were: Captain Stanhope, William Barnes; Captain Hardy, Earl Hoover; Lieutenant Osborn, Clarence Earley; Private Mason, William Speg; 2nd Lieut. Raleigh, George Derickson; 2nd Lieut. Hibbert, Percy Clements; Company Sergeant Major, Leonard Schroepe; the Colonel, Charles Furlong; 2nd Lieut. Trotter, Allen Buzzell; German soldier, Walter Krumbiegel.

The play was produced under the capable direction of Dr. R. T. Ohl.

The dinner-dance, as in the previous year, was a huge success. The novelty numbers by the band were well received by all, and added much to the merriment. There were also many Kalo alumni present, and all voted to continue the custom of having a dinner-dance.—W. K. '33.

"The Knight of the Burning Pestle"

Phi Lambda Sigma

Philokosmian Literary Society celebrated its sixty-fourth anniversary on Friday evening, May 1, 1932. The feature of the evening was "The Knight of the Burning Pestle," written by Beaumont and Fletcher between 1605 and 1615. Dr. P. A. W. Wallace directed this, the oldest play ever produced on the Lebanon Valley campus.

The play is a burlesque of two things: the old fashioned metrical romances, and the people who liked them. It represents a typical London theatre of the year 1611. The townspeople arrive to witness a play. Among them were Kermit Talyor and Margaret Lehn, a grocer and his wife, with Rafe, their apprentice, Robert Eshelman; Paul Emenheiser and John Hughes, a squire and a dwarf respectively. The main theme is the love story of Luce Venturewell, Anne Kiehl, and Jasper Merrythought, Paul Keene. Mr. Merrythought, Earl Wolfe, spends most of his time at the ale house, and is usually too drunk to care about Mistress Merrythought, Elizabeth Leffevre, and her son, Amos Knisley. These, with the remainder of the cast: Prologue Boy, Woodrow Dellinger; Boy who dances, Helen Franklin; Venturewell, Paul Evancoe; Humphrey, Fred Mund; Tapster, Fred Christman; Barker, Francis Barr; Pompiana, Evangeline Salerio; Gentlemen, Stuart Werner and Samuel Ulrich; Waits, Fred Mund, Harry Zech, and Carl Myers, appear on the stage at the end and boisterously sing a farewell song, with merrythought as the drunken leader.

This unique play afforded an opportunity to witness a production of the Old English stage, a privilege much appreciated.—M. A. L., '32.

The present organization of the Athletic Council was created in 1927, and has been doing active work in relieving the administration of many details pertinent to conducting athletics at the College. The present personnel of the Council is made up of four faculty members, the president of the College, one alumnus, and the athletic director.

In June, 1919, the first Athletic Council was formed. This body consisted of nine members chosen from the faculty alumni and the student body. Dr. Allen Rutherford was the first graduate manager of athletics. He held this position until 1920, when he was succeeded by Paul S. Wagner. Daniel E. Walter followed Dr. Wagner in 1923, and served for two years. Mr. Ellsworth Nitrauer then served in this capacity until the reorganization of the Council as it now exists.

—L. P. C. '33

E. E. MYLIN, A. M.
Director of Athletics

Coach "Hooks" Mylin came to Lebanon Valley College from Iowa State, where he served as coach from 1920--23. He has done much to bring this college to the front in athletic competition, despite his handicap of limited material. During recent years he has made many attempts to instill sportsman-like competition among the institutions in this vicinity with very favorable results. As he was instrumental in organizing the Eastern Pennsylvania Intercollegiate Basketball League, he was honored with its presidency. He was also recently appointed to the Executive Board of the Middle Atlantic States Athletic Conference, and served on the Executive Committee of the Eastern Pennsylvania and Delaware group of the Association for the selection of football officials. Despite his many duties, Coach Mylin is always successful in turning out real athletic teams. Mylin coached teams can always be counted on to do their best, which is all we ask of them.

THE SQUAD

LEBANON VALLEY 0 — GEORGETOWN 25

WASHINGTON, D. C., Sept. 26.—Less than two weeks after the opening of school a squad of twenty-five wearers of the Blue and White journeyed to the Capitol City, to open Lebanon Valley's extremely hard schedule against the highly touted "Hilltoppers" of Georgetown University at the Griffith Stadium.

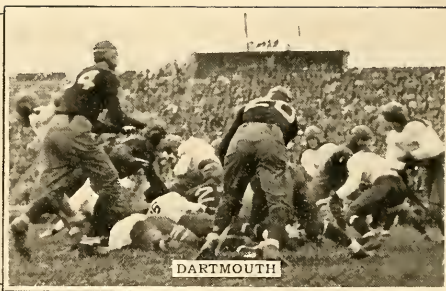

Battling against overwhelming odds the scrappy L.V.C. aggregation put up a battle that caused much comment among the Washington sports writers. The first quarter featured the strong defensive stand of the Blue and White in the shadow of their own goal posts. Coach Mills, seeing that his "shock troops" could do no decided damage, withdrew them in favor of a lighter and faster team early in the second quarter. Near the end of the half, Alenty of Georgetown crossed the goal after a series of beautifully executed passes and line bucks.

The second half proved too much for the light L.V.C. outfit and the heavier "Hilltop" aggregation managed to roll three more touchdowns to make the final score 25-0. Stewart's punting was the high light in the Blue and White defense, along with the line play of Heller, Wogan and Kazlusk. Nye at fullback, backed up the line in excellent fashion.

DARTMOUTH

LEBANON VALLEY 6 — PENN STATE 19

STATE COLLEGE, PA., Oct. 3.—Somewhat recovered from their trouncing at the hands of Georgetown, the Lebanon Valley eleven journeyed to State College, Pennsylvania with high hopes of taming the Lions.

For a while it looked as if L.V.C. was going to break the record of defeats at the hands of State since 1905. The first half was all Lebanon Valley. Led by Feeser, Stewart and Rust as ball carriers, and Thrush as a pass receiver they were able to chalk up six first downs to State's one. First downs don't win a football game as was soon found out. Lasich, flashy Lion captain, crashed the center of the line and evaded the entire secondary defense as he sped 41 yards for the initial touchdown. "Sweeney" Light, Blue and White captain, duplicated the feat a few moments later when he intercepted a pass intended for Moonves and ran 58 yards to knot the score.

The second half once again proved too much for Lebanon Valley, and State's deceptive passing attack and clever running plays, featuring Lasich, Moonves and Snyder, netted them two more touchdowns. Both were made by the deserving Lasich—a hard charger and real fighter. The score at the end of the sixty minutes was 19-6. The Lions had again proven to be the masters. "Sweeney" Light, playing his last season for the Blue and White, had the distinction of scoring the first touchdown registered against Penn State since 1922. The work of Heller, Thrush, Feeser, Wogan, Kazluskys and Kleinfelter was outstanding.

LEBANON VALLEY 7 — MUHLENBERG 6

ALLENTOWN, PA., Oct. 9.—Journeying to Allentown the scrappy Blue and White eleven registered their first victory of the season over the strong Muhlenberg team by a one point margin. The game was played at night—the second “spot-light” encounter for the Mylinmen in the last two years.

The Lebanon Valley score came in the first quarter when a bad pass from center sent the ball bounding over the head of the would-be punter. The kicker recovered the ball, but on the next play Williams, playing end, blocked the punt and Volkins dashed down the field and fell on the ball as it bounded over the goal line. A pass, Stewart to Orsino, was good for the extra point and margin of victory.

L.V.C. dominated the second period. Feeser and Dust bore the brunt of the attack and kept the ball in Muhlenberg territory. Rust reeled off thirty yards, the most sensational run of the game. Heller was deprived of a touchdown, when he met interference on a pass attempt at the three yard stripe, as the half ended.

The Mules scored their six points in the third period, when Stewart got off a bad punt deep in Lebanon Valley territory. Here the highly touted defense crumbled and the Allentown lads knifed their way off-tackle for a touchdown. The final period was nerve-racking, but scoreless. It was a punting duel in most respects, neither team threatening. Rust, Feeser, S. Light, Wogan, Volkins and Kazlusky played a great game.

LEBANON VALLEY 6 — DARTMOUTH 20

HANOVER, N. H., Oct. 24.—After a week's rest, due to an open date, the Blue and White pigskin warriors journeyed to the foothills of the White Mountains to take part in a hard fought, well played, game with the powerful Dartmouth Indians at Hanover, N. H.

The game and its results surprised the football world. The fighting Big Green eleven had just suffered a 19-6 upset at the hands of Columbia University and were "raring to go," but the stubborn Lebanon Valley defense would not weaken, and the Indians were held to a 20-6 score.

Dartmouth scored their first six-pointer after a march up the field following the initial kick-off. Toothaker was the outstanding back in this hard diving attack. Lebanon Valley pulled a surprise and passed on the first play. It was complete and would have resulted in a touchdown had it been a little higher. The half ended with Lebanon Valley in possession of the ball on their own one-foot line, after Dartmouth had failed to push it over in four tries.

Lebanon Valley's defensive play in the second half was the feature of the game. They took the ball three times within their ten yard stripe, when the Indian backs had failed to plunge it over the counter stripe. Heller intercepted a Dartmouth pass and returned it thirty-eight yards to the one-yard line. S. Light plunged it over on the third down for L.V.C.'s only score. Heller, Volkins and Williams pleased the New England sports writers with their fine defensive play. Feeser, S. Light and Boran turned in nice backfield performances, and did their bit in holding the Big Green team to a 20-6 score.

LET'S GO L. V.!

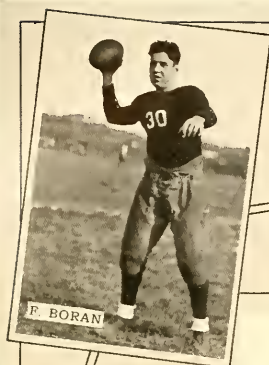

LEBANON VALLEY 7 — MT. ST. MARY'S 6

LEBANON, PA., Oct. 31.—Overcoming their jinx of the past two seasons, Lebanon Valley was able to nose out the hard fighting Mt. St. Mary's outfit in the first home game of the season by a 7-6 score.

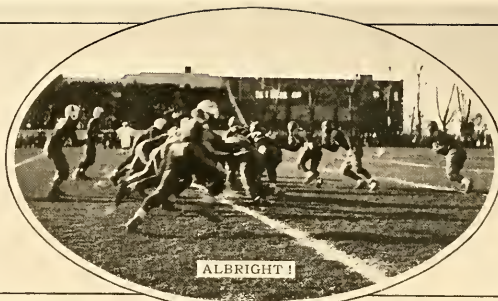

The first half was by far the most exciting, with the running plays of the locals monopolizing the limelight. Lebanon Valley started off by gaining three first downs in the first three minutes of play. A fumble marred the scoring chances, but Mt. St. Mary's was able to do nothing and punted to Stewart, who brought the ball back to his own thirty stripe. After failing to gain, a punt was attempted but it was blocked by Culler, giant tackle, who ran twenty-five yards to score.

At the start of the second period L.V. again took the offensive and marched forty-five yards down the field to score. S. Light, Feeser and Stone did most of the ball carrying. A pass, Stewart to Williams, was good for seventeen yards, and another, Stewart to Feeser, put the ball on the twelve-yard line. Light made it first down with eleven yards to go for a touchdown. Boran replaced Stewart at quarter-back and slid off-tackle to the one-foot mark. S. Light plunged it over on the first play. Stone kicked the extra point, the real margin of victory. The second half was less spectacular. Both teams played cautious football and punted frequently. Feeser, Stone, S. Light, Volkins and Kleinfelter were in the limelight during this fracas, turning in stellar performances.

LEBANON VALLEY 18 — ST. JOSEPH 7

PHILADELPHIA, PA., Nov. 7.—In one of the most thrilling last quarters witnessed by the Blue and White followers this season, the Lebanon Valley team defeated the heavy St. Joseph Squad, in the last four minutes of play.

Lebanon Valley found the beefy St. Joseph line easy going and penetrated deep into their territory during the first two minutes of play. Boran flipped a nice pass to Williams, who stepped unmolested across the goal line, after a twenty-five yard jaunt. The remainder of the first half was spent in St. Joseph territory, but the Blue and White warriors seemed content with the six point lead.

Early in the second half it was quite evident that the lads from City Line Avenue were out to make it a nice football game. A series of end runs by Morris, and flat passes, Doherty to Zuper, netted a touchdown, A pass, Doherty to Zuper, was good for the extra point.

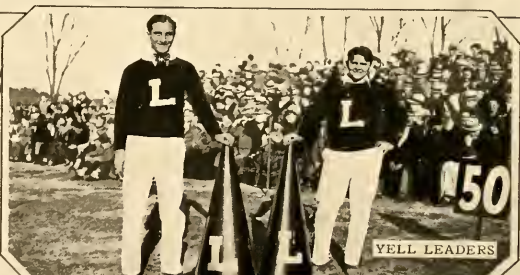

With only four minutes to play, the fireworks started. With the third down and ten to go in his own territory Stewart dropped back and tossed a pass to Heller, who wormed, stiff-armed and sidestepped sixty-five yards to score. One minute later, after L.V. had kicked-off to St. Joseph. S. Light stepped in and intercepted a pass intended for Zuper, and dashed across the goal line. This made the score 18-7. It was a real thriller! Sprenkle, Wogan, Kleinfelter and Kazlusky starred in the line, while Rust, Nye and Boran looked the best as ball carriers.

LEBANON VALLEY 31 — JUNIATA 0

LEBANON, PA., Nov. 14.—Using a superb brand of football the L.V.C. gridiron stars upset the Juniata Indians by a 31-0 score, on the Bethlehem Steel Field.

It was a fast and furious encounter, with Lebanon Valley completely outclassing the highly touted opponent in every phase of the game. The home team scored in every period, twice in the third, for a total of five touchdowns.

The first came as a result of a pass from Stewart to Williams, who displayed a nice bit of side-stepping, as he wiggled his way across the goal line. The pass to Rust, for the extra point, was good. In the second quarter, after Rust and Feeser had brought the ball within scoring distance, Stewart dropped back and tossed the oval again to Williams who crossed the goal line unmolested.

The second half was faster than the first with Lebanon Valley clicking in every department. A drive featuring Feeser, Orsino, S. Light and Stewart ended as "Scoop" squirmed his way fifteen yards off tackle to score standing up. Orsino intercepted a Juniata pass a few minutes later. On the first play Stewart passed to Heller for another score. In the final period, Juniata started their dangerous passing attack, but Sprenkle discouraged the procedure by grabbing one intended for Given and galloped twenty-five yards to another touchdown. Thus ended the scoring for the day, and the highly touted Indian outfit "bit the dust." And all because every man in the game gave his best. A real fight! A noteworthy victory!

LEBANON VALLEY 0 — ALBRIGHT 19

READING, PA., Nov. 26.—The big annual Reading football classic proved to be a heart-breaker for the Lebanon Valley fans as a hard fighting Mylin-coached team went down to defeat before a brilliant Albright outfit that clicked perfectly in every department of the game.

Williams kicked off for Lebanon Valley. Then Albright punted after Haines failed to produce a first down. Stone gained six yards at left tackle, but lost three on the next play. Stewart punted and Albright started a drive with Haines, Weigel and Hatton bearing the brunt of the attack. This brought their first score. Haines crashed over from the five yard stripe. The second quarter brought another score for the Reading team. Captain Weigle, of Albright, crashed through for a touchdown after a series of line thrusts that brought no gain. Feesser and Wogan were injured during this drive. The latter received a sprained knee which kept him out of the game for the remainder of the year.

The second half was a fight to the finish. A pass, Stewart to Heller, was good for 40 yards, and would have resulted in a touchdown if the Albright safety had been taken out of the play. Captain Light and Rust turned in nice runs, both for thirty yards, but the drive was checked by the all-popular F. Hatton. Albright scored their final six points after a series of passes and end runs. Haines circled the end from the 4-yard stripe to score. It was a great game and Stewart, Light, Morris, Kleinfelter, Heller, Orsino, and Thrush, playing their last game, turned in great performances. Rust, Feesser and Kazlusky are the stars who will get another crack at the Reading outfit.

OUR RESERVES

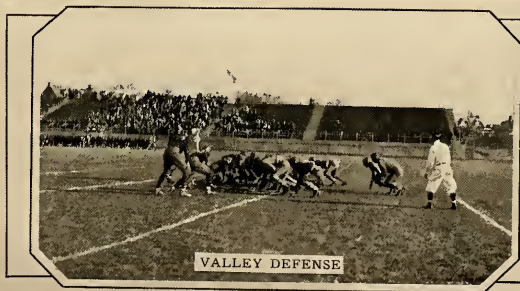

While our hats are off to the heroes of the gridiron who romped to fame and put the name of Lebanon Valley on the front page of many sport sections, we must not forget the reserves who deserve no less credit for their efforts to do their bit to produce a winning team.

Does not a man who sacrifices on the average of four hours each day deserve recognition along with those who were fortunate enough to make the grade? There could have been no victory over Muhlenberg, Mt. St. Mary's, St. Joseph or Juniata had not these oft-forgotten reserves learned the opponents' plays and served as tackling dummies for the victory seeking varsity. Such men as Nye and Thrush, who dropped from first string positions due to injuries and arrival of new material, deserve due praise for their loyalty. Other men who saw action but not enough of it to gain their letter were Wood, Abrams, Furlong, Wikoff, Smith, Rose, Sincavage and Lantz. "Pop" Shaffer, who served as scout and John Hughes, who was battered around for four years with the reserves, will long be remembered for their contributions.

It would be impossible to mention all the fellows that tried and did their bit for the betterment of the squad but nevertheless their services were not overlooked.

The Eastern Pennsylvania Collegiate Basketball League was organized at the close of the 1930 season for the purpose of stimulating interest in small college basketball, and judging from the keen competition that was featured in all the games, the first season was a success in every respect.

Gettysburg, losing only two games, gained the undisputed League championship but not without a hard struggle. They lost to the strong Drexel quintet at Philadelphia on Feb. 5th and later to the F. and M. aggregation at Lancaster, winning all of their home games by decisive scores.

Lebanon Valley and F. and M. were tie for second place with eight wins and four setbacks. Lebanon Valley with one of the strongest and most experienced teams in the League lost to Ursinus, Drexel and to Gettysburg twice. F. and M. fell before Lebanon Valley twice, Albright and Gettysburg.

Calvin Heller, captain of the Lebanon Valley club, was, without a doubt, the outstanding player in the League. He led the scorers with a total of 163 points for the season, an average of 13.5 per game. Charles Haines, leader of the Albright squad, was next in line of the scorers with 157 points. Haines was a player of ability and always a serious threat to the opposition. Both of these stellar basketeers will be missing from their respective lineups next season due to graduation.

Among the other players of note in the League were Dracha and Jones of Gettysburg, Smoker and Horst of F. and M., Lodge and Brisch of Ursinus, Bublitz and Johnson of Drexel, Nixon of Muhlenberg, and Stewart, S. Light and Focht of Lebanon Valley.

After only a little more than one week's practice Lebanon Valley journeyed to Philadelphia December 17th to open their season against the strong Temple University aggregation. Led by Captain Heller, the Blue and White put up a game fight and were not defeated until the final minutes of play when a decided rally netted the Owls 12 points, and a 38-29 victory. Returning from the holidays the squad was all set for a good season. Forgetting the first game defeat they journeyed to Selinsgrove on Jan. 8th and set the Susquehanna University outfit down by a 33-16 score. The score at the half was 21-8 with Heller, Stewart and Williams doing the scoring. The second half was faster than the first with the Blue and White always ahead. S. Light turned in a good performance and also counted 6 points. Ursinus, our first league opponent, came next. Much to the chagrin and surprise of our players, we suffered an upset. L. V. displayed an unconcerned brand of basketball, but led by a 11-10 margin at the half. Coming back after the intermission, the Mylinen ran up a good lead, but then another "checking party" was held and Ursinus, led by Sommers and Lodge, gradually pulled up and walked off with a 27-25 victory.

F. and M., then the league leaders, were our next opponents. At this time we broke into the win column. Focht, playing his first college ball game in Lebanon, pleased his "home-townners" by gathering 10 points. Heller was again ahead with 11 and Stewart had 8. Morrison played a great floor game and helped run up the score with his 5 points. Smoker was the high scorer for the evening tallying 17 of his team's 34 points. Lebanon Valley was on the big end of a 37-34 score at the end. Susquehanna came to Annville and L. V. played its only real home game of the season on the H. S. floor. The game was exceptionally rough and the half time found the Blue and White trailing 18-17 for the first time this season. Focht led the scores with 12 points with Heller close behind. A late rally netted the home team a 43-25 victory.

At Gettysburg the Blue and White suffered their second league setback after leading the Bullets all thru the opening period. Dracha with his fine floor play and Seeley, who chalked up 17 points for the Battlefield residents, played a big part in the victory. Heller and Stewart again led the locals in scoring, but the big floor proved too much for our "ice box" trained quintet. Drexel, fresh from victory over the strong Albright Club, came next and L. V. once again attained their .500 rating in the league race by trouncing these Dragons by a 47-37 score. Heller tied the league record with 20 points but his opponent, the much talked of Bublitz, was close behind with 18. Stewart was "on" this time and banged away at the basket for a total of 16 counters. Sprenkle started this tilt and did well. S. Light also played a good game at guard and helped L. V. chalk up the needed victory. After a week's rest the Valleyites journeyed to Philadelphia and lost an overtime tilt to the Dragons by a 39-37 score. The game was slow at first, with Heller and Sprenkle being responsible for a 14-8 margin at half time. Coming back to display a sensational brand of basketball, Johnson and Bublitz put the Drexel quintet back in the running. Bublitz knotted the count with 5 seconds left to play. Craumer's long shot in the extra period was responsible for the L. V. setback.

Muhlenberg held Lebanon Valley to the lowest score of the season, but the Blue and White won by an 18-11 score despite this fact. The game was the roughest of the year and the pugnacious defense of the Mules slowed the contest considerably. Nixon led the scorers with 5 points. Heller, Focht and Stewart with 4 each, led the Mylimen. The half score was 7-6 in favor of the Valleyites. Captain Heller and Focht suffered temporary suspension from the squad and did not make the St. Joe trip to Philadelphia, where the Blue and White suffered a 32-23 setback. Stewart led the scorers with 8 points and played a great all-round game. The half score was 14-10 in favor of St. Joe. On Feb. 13th the L. V. squad displayed a fine brand of basketball to defeat the Ursinus Club by a 46-39 score. Stewart displaying his best form of the season counted 19 points with Heller coming along with 15.

On Feb. 20th a large crowd of fans journeyed to Reading for the Albright tilt and were well rewarded. Lebanon Valley defeated Albright in one of the fastest games of the season by a 38-37 score. The game was fast from the very first with Lebanon Valley gaining an early lead which they held at the half by a 20-16 count. Albright came back during the second half and led 37-36 with only 10 seconds to play. Heller then came through and sank two fouls and the Blue and White waved victorious over the old rivals. Journeying to Lancaster the Mylin-coached aggregation again defeated the Roses by a 29-28 score. The game was another nerve-wracker, but the results were favorable. Heller, Williams and Stewart were outstanding as scorers and responsible for the 27-27 knot. In the extra period Focht shot the deciding "bucket" that bettered Smoker's four shot 29-28. Bucknell came next and the Blue and White had little trouble in defeating them by a 47-39 score. Stewart was high scorer in this tilt with 16, and Heller coming along with 15 took second honors. Morrison and Williams displayed a fine brand of basketball. The whole squad got into the contest.

The Bullets came to Lebanon for a return engagement and the Blue and Whites was set on gaining revenge, but it was to no avail. Our sharpshooters were off and could do little with the champions who put us out of the running. Heller, Focht and Stewart played good ball, but they were not up to par and could not halt the onrushing League leaders, led by Jones, Kitzmiller and Drach. Heller tallied 6 points in the final two minutes of play but the lead was too great and the Bullets were fatal by a 29-25 score. Albright came next and once again the local fans saw a great game. Heller and Haines, the league leading scorers, staged a lively battle and Heller won out by a 20-12 margin. Focht and Stewart turned in 13 and 6 points respectively. DeFranco and Oslislo were Haines' co-scorers. The game was fast as the score indicates—L. V. winning 47-40. The Mules of Allentown left their kick at home when they came here for the final game of the season, L. V. winning by a 42-36 score.

Frosh Basketball Review

Lebanon Valley adopted the Freshman rule in basketball this season and the first organized team met with fair success, winning 7 out of 13 contests. William Wogan, due to an injury received in football, was unable to enter varsity competition, and Coach Mylin bestowed the position of Frosh Coach upon him. One credit must be given this squad of first year men, who labored under many difficulties, but delivered the goods in the true L. V. fashion. They opened their season at York, where they defeated the strong Y. C. I. team by a 28-17 score. Smith, Ranck and Barthold were high scorers, with Rust and Rose playing good floor games. F. and M.'s strong Freshman team proved a little too much for the locals and they lost a good battle by a 42-28 count. Overcoming their inferiority complex, they next encountered the Annville Town team, which they severely trounced by a 51-15 score. Barthold, Arndt and Ranck starred in this tilt.

Playing a preliminary game to the Drexel fracas, the Frosh lost a heart-breaker to Long's Lumberjacks of the County League. Barthold, Rust and Smith ran up a 19-11 lead at half time, but the visitors came back and walked away with a 28-27 verdict in the last minute of play. Pottsville H. S. fell easy prey to the Frosh sharpshooters, and they chalked up a 27-17 victory, with Rose and Barthold leading the attack. The strong Lebanon Y. M. C. A. team could not solve the Frosh passing attack and fell by a 32-21 score. Barthold contributed 9 points and Ranck 8. Entering the next game favored to lose the first year men decidedly trounced the highly touted Albright club. Led by Barthold, Ranck, Rose and Smith, they led 26-14 at the half time. Coming back strong in the second half, they held the Red and White to two field goals and gained a 39-19 verdict.

P. MILLER

C. ARNDT

On February 23, the Frosh aggregation travelled to the Chocolate town, where they lost a tough battle to the strong Hershey H. S. Getting off to an early start, they held a 12-9 lead at half time, but the Hershey quintet came back during the fast and exciting second half, and carried away a 33-30 verdict. The following night they met the strong F. and M. team on their home floor and came pretty close to upsetting the dope. Trailing 15-11 at the end of the first period they improved their style of play and outscored the Lancaster team 13-12 during the second half, but could not get the necessary three points. The team was off form when they met the Annville H. S. on the following Monday. The offense was slow in starting and the defense was very ragged. Annville held a 17-7 lead at the half time. Led by Smith, whose sensational long shots were of the most spectacular order, the Frosh gained a draw as the game neared the end. Barthold was fouled with five seconds left to play. His successful charity toss gave the Frosh a 23-22 verdict.

In a preliminary game to the disastrous Gettysburg encounter the Blue and White beginners suffered a setback at the hands of the Olts Club of Lebanon. Miller, Barthold and Rust did a nice bit of scoring, gathering 22 points between them, but they could not stop the Olts' numerous shots, and were on the short end of a 40-34 score. Coming back with an entirely different brand of basketball, they snowed the Albright Frosh under a 37-21 score for the second time during the season. Barthold ran wild and gathered 14 points, with Rose coming close behind with 11. Arndt, Rust and Smith helped the cause along with field goals and nice floor play. In the final game of the season the Frosh lost a poorly played game to the Consumers Ice Club of Lebanon by a 31-22 score. Barthold, Rose, Rust and Arndt tried in vain to gather enough points for the victory, but the "pep" was lacking and defeat forced its way into the Frosh camp.

Barthold was the individual high scorer for the season with 109 points. Rust came next with 63; Rose 58; Ranck 53; Smith 52; Arndt 29; Miller 26, and Konsko 3. The points among the starting five are well divided which is a good sign that Coach Mylin will have a good scoring squad to work with next year when the varsity call is given.

LEBANON VALLEY 7 — URSINUS 8

Lebanon Valley opened its season against Ursinus at Collegeville, losing an 8-7 decision in eleven innings. The Blue and White tied the score twice and forged ahead in the final inning. Luck was against us and we lost a well played game. Reeder hit a home run for his first time at bat. Patrizio and Stewart had two pretty doubles.

As this was Lebanon Valley's first game the players were well satisfied with their work.

LEBANON VALLEY 9 — JUNIATA 11

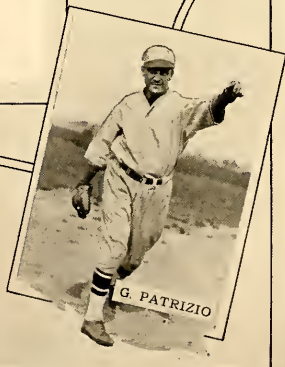

Playing on a muddy field the Mylimen lost their second game of the season. Reeder, the iron-arm twirler, failed to come through due to the slipping ball and inclement weather. The game was one of the most unusual played on the L. V. diamond. Coming from behind what seemed to be an impossible lead to overtake, the Mylinites made a real game of it. Wood showed great form on the mound and pitched well throughout the game.

LEBANON VALLEY 7 — URSINUS 2

Reeder, star curver of the Lebanon Valley nine, hurled his teammates to their first victory, topping off a perfect May Day. He gained sweet revenge for the eleven inning defeat handed him previously by the strong Ursinus outfit. "Tony" held the visitors to six well scattered hite, striking out nine men and only issuing one charity base. A performance which any college baseball pitcher would cherish. The Blue and White collected eight hits in contrast to six of Ursinus.

LEBANON VALLEY 3 — SUSQUEHANNA 1

Lebanon Valley won a well played game from the Susquehanna nine. It was a pitchers' duel, with Patrizio holding a slight edge over the visiting twirler, striking out nine men and allowing but one run. The Susquehanna outfit outhit the home team eight to seven and each team had one error, but L. V. C. turned each opportunity into a run. Williams, the mainstay on our team, had his eye on the apple, connecting for a three-bagger and a single.

LEBANON VALLEY 17 — P. M. C. 10

Heavy hitting by P. M. C. and L. V. C. at Chester was the cause of high scoring by both sides. The game was a slugfest from the very first, and both teams were forced to use their reserve pitching strength. Shortlidge starred at bat, collecting five singles and a triple, out of seven trips to the plate. Daub's great control was responsible for the victory. Dennis showed good form in stopping all chances that came his way.

LEBANON VALLEY 4 — MT. ST. MARY'S 9

The chances of a highly successful season were wrecked when Mt. St. Mary's handed out a 9-4 setback at Emmitsburg.

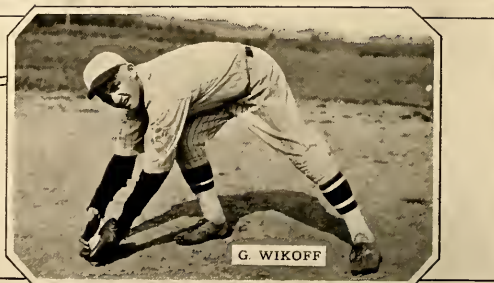

Reeder failed to pitch winning ball in the first few innings, but pulled himself together towards the latter part of the game. Valibus, of Mt. St. Marys, pitched a wonderful game, striking out nine of our men and only walking one. Shortlidge had a perfect day at bat, four hits out of four chances. "Sweeney" Light showed great form at the shortstop position.

LEBANON VALLEY 3 — ALBRIGHT 11

Sensational hitting and pitching of the Albright nine resulted in the third defeat of the season for the Mylinmen. The Albright boys seemed to have the old jinx working on us and our team failed to click. Patrizio pitched hard luck ball throughout the game and failed to receive the required support. Shortlidge was again the outstanding batter of the day, with three hits to his credit. "Abie" Carlip showed great form for the "Lions" and he, we may safely say, was the cause for Lebanon Valley's defeat.

LEBANON VALLEY 4 — ALBRIGHT 6

In front of a large Alumnae Day crowd the closing game of the season was played. With "Pat" Patrizio twirling for the locals and "Luke" Werwick for the visitors, L. V. C. seemed to have an on day and everything clicked perfectly, until the ending of the sixth inning when "Abie" Carlip stole home to tie the score 4-4. From then on our team lost all hopes of victory, for in the following inning Albright gained two more runs on hard consecutive hits.

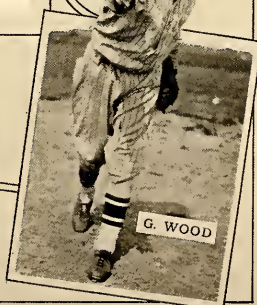

From the spectators' point of view, the game proved to be one of the most exciting ever played on the home field. Patrizio outpitched our opponent pitcher by a slight margin.

Tennis Review

Facing a very stiff schedule, the 1931 Tennis Team achieved great results. It won eight out of eleven contests.

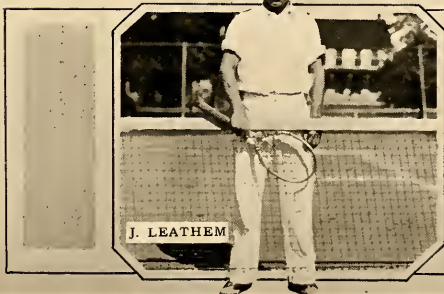

Franklin and Marshall, St. Joseph, and Dickinson were the only schools to defeat our aggregation. Two of these losses were away. The schools that bowed to our team were, Elizabethtown, Juniata, Susquehanna, Moravian and Albright. Though St. Joseph beat us on our home court, we returned the compliment and defeated them at Overbrook.

The team made this excellent record under the able tutelage of Dr. Stevenson. Donmoyer, until his hand was injured, was our first man, with Rank, Hutchison, Leathem, Miller and Bowers, following.

The prospects for the ensuing season, however, seem fairly promising, even though we have lost the majority of our team. We will have Donmoyer back together with Leathem and D. Rank. Nevertheless we will miss the services of J. Rank, Hutchison, Miller and Bowers.

THE SQUAD

Girls' Basketball Review

Out of the eight games played when the book went to press the Girls' Varsity Basketball Team had gained five victories against three defeats. This was Miss Kenyon's first varsity intercollegiate competitive team and much credit should go to her for the fine showing made by the team despite the handicap of necessary facilities. The L. V. co-eds opened their season Jan. 16th against the well-coached Elizabethtown College sextette and due to the fine shooting of Yingst, Krebs and Armacost they were able to gain the verdict. Lebanon Valley took the lead holding a 16-13 advantage at the half time. Coming back strong in the second half, they outscored the E-town aggregation 18-15, thus gaining victory by a 34-28 score. They next journeyed to Huntingdon to tangle with their jinx of former years, Juniata. The game was rough from start to finish. Close guarding featured the defense of both teams and Juniata held a 11-8 advantage at the half time. The second half was a duplicate of the first and the Indians brandished victorious tomahawks to the tune of 19-12.

Feb. 6th the Blue and White encountered tough opposition in Collegeville, where they met the strong Ursinus team, but put up one of their best battles of the season. Yingst and Krebs were "on" with their shots and L. V. led up until the last quarter when a final spurt put the Collegeville lassies ahead. Gossard and Armacost outshone the opposition in the center position. Weirick and Rupp gave splendid account of themselves as guards, but the odds were against them and defeat was spelled by a 33-25 count. The entire squad saw action when the L. V. co-eds visited Elizabethtown for a return engagement. The team was in form and the best passing attack of the season was witnessed. Yingst had a big night and gathered a total of 26 points. Krebs and Fauth contributed 6 and 3 points respectively. The L. V. guards held the E-town scorers to five field goals and played a large part in the 35-16 victory.

Juniata repeated their victory over L. V. in the return game by a desperate rally in the final quarter. The Blue and White displayed a nice brand of ball during the opening minutes and it looked as though victory was certain. Yingst and Hershey found the basket with ease in the earlier moments of the game, but Juniata reacted during the last half and the scorers were held in check. Price and Kauffman launched a scoring attack in the final period that netted the 20-17 setback. Elizabethtown Alumni offered little opposition, but the L. V. scorers also had an off night and were only able to squeeze out a 12-5 victory on the former's floor. Yingst and Krebs again held the limelight as scorers with Armacost, Gossard, Weirick and Rupp turning in neat exhibitions of passing and defensive tactics.

Albright came next and the L. V. maidens decisively defeated the Red and White Co-eds on the Reading Y. W. C. A. floor. Yingst and Krebs put L. V. ahead at the very start and the lead was never overtaken. The Blue and White led 10-5 at the quarter and 24-13 at half time. Coming back strong in the second half they outscored Albright 10-8 and thus gained the much deserved victory by a 34-21 score. Gossard and Armacost held down the center positions like veterans, while Rupp and Weirick held the Reading scorers with little difficulty. In the return engagement at Annville L. V. again chalked up a victory—this time by a 20-6 count. Krebs was the outstanding scorer in this engagement, caging six field goals of two point value. Yingst was held to eight counters by the excellent guarding of Deck, stellar Albright captain. Clever guarding on the part of the Annville girls was responsible for the low Albright score which consisted of one field goal and four fouls. Lebanon Valley Co-eds again consider their season a success by virtue of two clean-cut victories over the Old Rivals—Albright.

Girls' Hockey

For many years, hockey has been a source of much interest on the campus, but not until this year was a full schedule of class games played. The campus was the center of much action. Every afternoon during the fall, the girls could be seen practicing in preparation for the inter-class games.

In the beginning the Frosh found the handling of the sticks rather awkward, but soon they too acquired the knack of dribbling and driving. Then the hard fought games were played to the tune of much "music" from the Men's Dorm.

Although the Juniors emerged victorious, the four teams deserve much credit for their untiring struggles in all kinds of weather, under the able guidance of Miss Kenyon.

The girls' teamwork and loyalty to their captains who were: Edith Fields, Senior; Miriam Owen, Junior; Elizabeth Schaak, Sophomore; and Belle Middaugh, Freshman, made success possible.

Here's to a bright future for hockey at L. V. C. and hopes for games with other schools in years to come.

Class Scrap

In keeping with the all-powerful and much talked of tradition, the classes of '34 and '35 tangled in the annual banner fight. It was a hard battle featured by the gameness of both classes, who were giving their all, to satisfy the pleading of the weaker sex, who gratefully contributed their rah, rals to the fracas. After nearly two hours of scratching pulling, bumping, socking and sliding, Martin, of the Sophs, succeeded in climbing the pole to gain the banner. It was the second victory of the class of '34 in as many years.

Class Baseball Game

The class of '34 defeated the class of '33 in a ragged baseball game played last Spring on the College Athletic Field by a score of 11 runs to 8. Sparks, pitching for the first year men, was superior to Stone, the speed-ball artist of the Sophs. Sparks allowed only three scattered hits, but his wildness in the closing innings gave the Sophs a chance to overcome the big lead. Stone withdrew in favor of Saylor, in the fifth inning. Saylor held the Frosh in check during the remaining innings with the exception of the seventh frame, in which the Frosh were able to gain the margin of victory.

Interclass Basketball

The Interclass Basketball League, sponsored by the Varsity "L" Club, did not draw as many donating spectators this season as in former years, but this fact had no direct bearing on the action and keen competition that featured each tilt.

The Juniors, under the guiding hand of Captain Speg, were able to keep their slate clean, by turning in a 31-30 victory over the Seniors, a 20-17 triumph at the expense of the Frosh, and in the last game by taking a 24-22 decision from the Sophs.

The Seniors lost only to the Juniors when Barnes tossed in a foul shot with the score tied, to counter the 31-30 setback. They defeated the Sophs 32-22, and set the Frosh down by a 47-39 score.

Despite the capable efforts of Captain Trego the Sophs were unable to crash into the winning column. They were slow in starting, losing the first two games by decisive scores. Their best performance was given in the final game, when they lost to the champions by a 24-22 score.

Soph-Frosh Football

The Freshman football team, with the aid of much future varsity material, trounced a game, but weak, Sophomore outfit on the College Athletic Field by a 25-0 score.

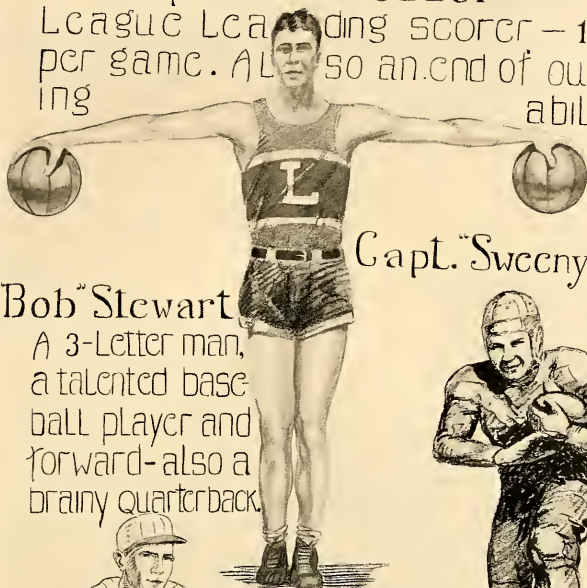

Whiting kicked off for the Frosh, and the ball traveled over the goal line. It was then put into play on the twenty yard stripe. Smith fumbled the pass from center and the Frosh recovered, but were unable to gain a first down. Todd punted out of danger, but Kanoff made a nice return to the twenty-five yard marker. Whiting and Barthold made a first down, and then a pass, Kanoff to Baugher, brought the first score. A few moments later, Whiting and Barthold turned in nice runs. The latter crossed the "precious stripe". In the second period Whiting tore off three nice gains. The last one was for forty yards and a touchdown. The try for extra point was good.

The second half was slower than the first, but the Frosh managed to chalk up another as Barthold grabbed a pass out of the Soph's outstretched hands and rushed over for his second six-pointer. Shaeffer was the main cog in the Soph offense, with Klitch and Shrom turning in nice line play. Barthold, Whiting and Kanoff were the best ground gainers for the Class of '35. Baugher, Lance, Russel and Durski were the mainstays in the first-year line. The Frosh were coached by the former varsity captain, Stanley Zappia. Shortlidge and Salek handled the Sophs.

The Y. M. C. A. Cabinet Training Conference

On April 23-26 Lebanon Valley College was host to the Fortieth Annual Cabinet Training Conference of Central Pennsylvania, sponsored by the State Student Council of the Y. M. C. A. The theme of the conference was, "Training for Personal Christian Leadership." Although it is impossible to report in detail all the events of the conference, some points of especial interest deserve note.

Dr. Henry H. Crane, of Scranton, delivered an address, "The Price of Christian Leadership," to the group in the United Brethren Church. The banquet, which was held in the college dining hall on Saturday evening, marked the high point of the conference. Philo C. Dix, State Secretary of the Y. M. C. A., spoke on "The Message and Work of the Y. M. C. A." "Jack" Hart challenged everyone with an address "How Can My Life Witness For Christ." In the closing service on Sunday morning in the U. B. Church, Dr. Hart preached a sermon on the text, "Follow Me." Other outstanding leaders in the conference were Leo H. Kohl, Jack Cattron, Dr. G. Morris Smith, Dean W. E. Silberg and Dr. W. E. Waltermeyer.

The grand total of delegates at the "Y" Conference was eighty-five. Seventeen Colleges were represented. The delegates received much valuable training for Christian Leadership and certainly were inspired to do greater things. The least that can be said for the Conference, is that it was a success.—H. Z., '33.

What Ho! A Junior Prom. Lebanon Valley makes a grand splash socially. Here go three cheers for the present Senior Class. It was a success. Now it will be an annual affair.

One can't forget the promenade — Bob and Mary Ann, a splendid couple, leading it all — and back of them there seemed to be miles of couples, laughing, talking, stepping to martial music, and watching Dr. Shaurs when necessary. Remember the white flannels and dark coats, the frilly dresses swishing the floor — beautiful girls and willing men. What a night!

On the side lines were the Professors with their wives, the hostesses, just as happy and delighted as the students. May all the classes follow up with a Junior Prom.

HOW TO SLEEP IN A DORM

Undress. This is an old English custom emanating from the period when Knights wore clothes so long that the valets used a whisk broom on their masters instead of giving them a bath.

Don Pajamas, old dirty underwear or any other clothes that the room-mate left lying around when he went to bed. The pajamas probably went to bed with him.

Sneak into dorm as quietly as possible. You will probably run into several beds and fall over a few shoes, but this will disturb no one if you appear nonchalant.

Feel first for your pillow. If it is gone start whistling "Give me something to remember you by"—the returns should be great. At least the first volley from adjoining beds will net enough pillows for the rest of the night.

Pull back the covers and feel for the tricks of the practical jokers. This means cleaning out all the salt, bottles of water, dogs and cats that might be using your bed for a temporary resting place.

Next place your foot as nearly in the pit of the stomach of the brother sleeping under you as possible. The proximity to the proper spot may be ascertained by the quality and pitch of the outburst which it will bring.

Draw the body up to the level of the bed and grab for the other side. You'll probably miss several times and may even pull the bed over. But be not alarmed, others have done the same.

Twist around until you are severely bumped from below, and then try to sleep. If you are in at the right time, the vibrations should put you to sleep very soon.

HOW TO GYP IN AN EXAMINATION

Procure a blue book in advance of the exam and fill it with important facts. Place this in your inside coat pocket for future reference. When you receive the Blue Book from the Prof. at the exam place the one you have into this one with a fervent prayer that the Prof. is not looking. Also take gyp notes size 1 x 3 inches (found most practical through experience) and scribble thereon more useful data. Place these in accessible positions. Vest pockets recommended. Wear white socks. Mark thereon more useful material. Socks are great for History and Bible dates. If you are in a very bad way, why take the text book along together with a four-leaf clover and a rabbit's foot. Use at your own discretion. If caught act surprised. If expelled light a cigarette. (P. S. We absolutely refuse to advertise gratis).
